Dun-Rite Communications, Inc.

Please accept this letter of appreciation for the T-Mobile installation at the Creedmoor Psych. Center, after long delays and many changes to the construction plans. The professionalism, hard work, dedication and positive "Can Do" attitude of all of your employees made it possible for us to meet a very difficult deadline. This job was completed on time, with no change orders and with virtually no punch list items. I am happy to pass along T-Mobile's positive comments that the install was very well done and the many positive comments from the facility's Security group.

I look forward to working with Dun-Rite on future construction projects and will make a point to pass your company name along to Crown Castle's project managers so they can include you on invitations to bid.

Thank you,

A handwritten signature in black ink that reads "Michael J. Callahan". The signature is written in a cursive, flowing style.

Michael J. Callahan
